Any error and/or omission in this Ship Status does not relieve the Owner of his obligation to have the surveys timely performed and any recommendation duly addressed according to the Rules.

This Ship Status is issued for the benefit of the Owner only and it is not intended either to guarantee the quality, commercial value or characteristics of the ship, its components or any other surveyed or certified item to the buyers, the charterers or any other third party, or to relieve the sellers or the owners or any other third party of their duties whether in law, in contract or otherwise regarding the said quality, commercial value or characteristics.

Any RINA's express or implied warranty or liability whatsoever towards any third party to whom this Ship Status might have been disclosed by the Owner or upon his request is excluded

| <b>F.0.1.B</b> | HEAD OFFICE                                                                                            | 05Apr2022 | IAPP Renewal |              | IAPP         |
| <b>SUBJECT</b> | In-use fuel oil sampling point - Reg. 14.3.11 Annex VI to MARPOL 73/78 as amended by Res. MEPC 324(75) |           |              |              |              |

For ship constructed before 1 April 2022, the sampling point(s), for the purpose of taking representative samples of the fuel oil being used on board the ship, shall be fitted or designated not later than the first IAPP renewal survey on or after 1 April 2023.

New sampling point(s) shall be to be fitted in accordance with approved drawing.

Suitability of designated sampling point(s) on the existing fuel oil system shall be confirmed.

| CODE           | ISSUED AT                                                                                                           | ISSUED ON | DUE ON           | POSTPONED AT | CERTIFICATES |

| <b>SUBJECT</b> | SOLAS Reg. II-1/3-13.2.4 - IMO Res. MSC.532(107) and MSC.1/Circ 1663: New SOLAS requirements for Lifting Appliances |           |                  |              |              |

No later than the first renewal survey after 1st January 2026 of either Cargo Ship Safety Construction Certificate or Passenger Ship Safety Certificate:

-All applicable lifting appliances shall be certified in accordance with an acceptable standard from the Administration, load tested and thoroughly examined, marked with SWL.

-Loose gear utilized with Lifting appliances shall be designed and manufactured in accordance with requirements acceptable to the Administration or a recognized Classification Society, have documentary evidence of a proof test, thoroughly examined, marked with unique identification (serial no.), SWL and any additional marks required for safe use.

-Ships shall be provided on board with a "Register of Ship's Lifting Appliances and Cargo Handling Gear" where the above mentioned thorough examination and tests of lifting appliances and loose gears have to be recorded.

Furthermore, from 1st January 2026, lifting appliances and loose gears utilized with them shall be provided with an operation and maintenance manual and provided with records of routine inspection, maintenance and operational testing, which shall be carried out at intervals as per manufacturer's recommendations.

| CODE           | ISSUED AT                                                                                                              | ISSUED ON | DUE ON           | POSTPONED AT | CERTIFICATES |

## STATUS OF COMPLIANCE WITH RETROACTIVE STATUTORY REQUIREMENTS

This list has been implemented in RINA SERVICES S.p.A. Ship Status as from 03/12/2005 (or as from the date of entry into class if subsequent). Retroactive requirements complied with before this date may not be listed hereinafter despite the vessel is in compliance. When statutory certificates are not issued by RINA SERVICES S.p.A., this information may not be available/complete.

| The vessel complies with the following retroactive statutory requirements:                                              | Job   |
|-------------------------------------------------------------------------------------------------------------------------|-------|
| IBWMC Initial survey and Additional survey-Reg- E-1: commissioning test of ballast water management system-Res. 325(75) | 10 V  |
| Ship Energy Efficiency Management Plan (SEEMP) - Reg. 5.4.6 Annex VI of MARPOL 73/78, amended by Res. MEPC. 328(76)     | 5 R   |
| Energy Efficiency Existing Ship Index (EEXI) - Reg.5.4.7 Annex VI of MARPOL 73/78, as Amended by Res. MEPC. 328(76).    | 5 R   |
| Operational Carbon intensity - Reg 28 Annex VI of MARPOL 73/78, as amended by Res. MEPC 328(76)                         | 7 R   |
| Amendment to Reg II-1/3-8 Towing and Mooring equipment - Res. MSC 474(102)                                              | 8 R   |
| IBWMC - New format of Ballast Water Record Book: Res. MEPC.369(80)                                                      | 10 R  |
| IBWMC ? Compliance with regulation D-2 of Ballast Water Management System (BWMS Code)                                   | 3.1 R |

| 711.03a LO transfer pump , Board N.: G401801 NO. 1 L.O. TRANSFER PUMP - Inspection                 | 02Dec2026 |
| 711.03b LO transfer pump , Board N.: G402001 NO. 1 CYL. OIL TRANSFER PUMP - Inspection             | 02Dec2026 |
| 712.13a LO separator booster pump , Board N.: G401301 NO. 1 L.O. PURIFIER SUPPLY PUMP - Inspection | 02Dec2026 |
| 713.04a Main LO pump , Board N.: G401101 NO. 1 MAIN L.O. PUMP - Inspection                         | 02Dec2026 |
| 713.04b Main LO pump , Board N.: G401102 NO. 2 MAIN L.O. PUMP - Inspection                         | 02Dec2026 |

### MACHINERY - COOLING/PREHEATING SYSTEMS

|                                                                                           |           |
|-------------------------------------------------------------------------------------------|-----------|
| 721.03a Aux. sea water pump , Board N.: G101501 NO. 1 AUX. COOLING S.W. PUMP - Inspection | 02Dec2026 |
|-------------------------------------------------------------------------------------------|-----------|

### MACHINERY - COMPRESSED AIR SYSTEMS

|                                                                                             |           |
|---------------------------------------------------------------------------------------------|-----------|
| 731.12a Starting air bottle , Board N.: I101101 NO. 1 MAIN AIR RESERVOIR - Hydrostatic test | 02Dec2026 |
|---------------------------------------------------------------------------------------------|-----------|

### MACHINERY - STEAM, CONDENSATE AND FEED WATER SYSTEMS

|                                                                                                           |           |
|-----------------------------------------------------------------------------------------------------------|-----------|
| 756.05b Aux. boiler main feed pump , Board N.: G601102 NO. 2 BOILER FEED WATER PUMP - Inspection          | 02Dec2026 |
| 756.19a Aux. boiler circulating pump , Board N.: G601201 NO. 1 BOILER WATER CIRCULATING PUMP - Inspection | 02Dec2026 |
| 756.19b Aux. boiler circulating pump , Board N.: G601202 NO. 2 BOILER WATER CIRCULATING PUMP - Inspection | 02Dec2026 |

### MACHINERY - INSTALLATIONS FOR PROPULSION

|                         |  |
|-------------------------|--|
| 601a Main diesel engine |  |
|-------------------------|--|

Ship's Name **SOLO 7**

Downloaded on **06Jul2026 06:37 UTC+2**

IMO No. **9321457** RINA No. **102279**

## MACHINERY CONTINUOUS SURVEY

An item becomes overdue when it has not been surveyed or postponed by its due date. The ship's class will be subject to a suspension procedure if the item(s) due or overdue at the time of the annual survey is (are) not dealt with or postponed.

| Item                                                 | Due date  |
|------------------------------------------------------|-----------|
| 601a.02a Cyl. cover w/valves, piston and liner -     | 24Sep2027 |
| 601a.03a Piston pin and bush -                       | 24Sep2027 |
| 601a.26a Fuel injection devices -                    | 24Sep2027 |
| 601a.05a Piston rod, c.head bearing slide and guide  | 24Sep2027 |
| 601a.06a Connect. rod, bottom bear'g, crank pin, web | 24Sep2027 |

### MACHINERY - AGGREGATES FOR MAIN ELECTRIC PRODUCTION

|                                                                                        |           |
|----------------------------------------------------------------------------------------|-----------|
| 651c Aux. diesel gen. , Board N.: F101103 NO. 3 GENERATOR DIESEL - Complete inspection | 24Sep2027 |
| 651c Aux. diesel gen. , Board N.: F101103 NO. 3 GENERATOR DIESEL -                     |           |
| 651c.74a AC generator -                                                                | 24Sep2027 |

### MACHINERY - SHIP COMMON SYSTEMS

|                                                                                                |           |
|------------------------------------------------------------------------------------------------|-----------|
| 803.01a Bilge pump , Board N.: G501101 NO. 1 BILGE PUMP - Inspection                           | 24Sep2027 |
| 813.08a Fire/bilge pump , Board N.: G501401 NO. 1 FIRE_BILGE PUMP - Inspection                 | 24Sep2027 |
| 831.11a Hydr. oil cooler , Board N.: H701501 NO. 1 HYDRAULIC PUMP UNIT OIL COOLER - Inspection | 24Sep2027 |

### MACHINERY - GENERAL EQUIPMENT FOR CARGO

|                                                                                            |           |
|--------------------------------------------------------------------------------------------|-----------|
| 382.01a Tanks cleaning pump , Board N.: J101601 NO. 1 BILGE PUMP IN PUMP ROOM - Inspection | 24Sep2027 |
| 382.01b Tanks cleaning pump , Board N.: J101901 NO. 1 TANK CLEANING PUMP - Inspection      | 24Sep2027 |
| 382.05a Water preheater , Board N.: J102001 NO. 1 TANK CLEANING HEATER - Inspection        | 24Sep2027 |

### MACHINERY - FUEL SYSTEMS

|                                                                                                 |           |
|-------------------------------------------------------------------------------------------------|-----------|
| 703.44a Aux. boiler FO preheater , Board N.: H401201 NO. 1 AUX. BOILER F.O. HEATER - Inspection | 24Sep2027 |
| 703.06a Main engine FO heater , Board N.: H401101 NO. 1 M/E F.O. HEATER - Inspection            | 24Sep2027 |
| 703.06b Main engine FO heater , Board N.: H401102 NO. 2 M/E F.O. HEATER - Inspection            | 24Sep2027 |

### MACHINERY - LUBE OIL SYSTEMS

|                                                                                          |           |
|------------------------------------------------------------------------------------------|-----------|
| 713.08a M.E. SW cooled LO cooler , Board N.: H201101 NO. 1 MAIN L.O. COOLER - Inspection | 24Sep2027 |
|------------------------------------------------------------------------------------------|-----------|

### MACHINERY - COOLING/PREHEATING SYSTEMS

|                                                                                               |           |
|-----------------------------------------------------------------------------------------------|-----------|
| 721.01a Main sea water pump , Board N.: G101101 NO. 1 MAIN COOLING S.W. PUMP - Inspection     | 24Sep2027 |
| 721.01b Main sea water pump , Board N.: G101102 NO. 2 MAIN COOLING S.W. PUMP - Inspection     | 24Sep2027 |
| 721.03b Aux. sea water pump , Board N.: G101502 NO. 2 AUX. COOLING S.W. PUMP - Inspection     | 24Sep2027 |
| 721.03c Aux. sea water pump , Board N.: G101503 NO. 3 AUX. COOLING S.W. PUMP - Inspection     | 24Sep2027 |
| 722.03a Main FW cooling pump , Board N.: G201101 NO. 1 M/E COOLING F.W. PUMP - Inspection     | 24Sep2027 |
| 722.03b Main FW cooling pump , Board N.: G201102 NO. 2 M/E COOLING F.W. PUMP - Inspection     | 24Sep2027 |
| 722.37a M/E jacket water cooler , Board N.: H101201 NO. 1 M/E JACKET F.W. COOLER - Inspection | 24Sep2027 |

### MACHINERY - COMPRESSED AIR SYSTEMS

|                                                                                             |           |
|---------------------------------------------------------------------------------------------|-----------|
| 731.12b Starting air bottle , Board N.: I101102 NO. 2 MAIN AIR RESERVOIR - Hydrostatic test | 24Sep2027 |
| 731.01a Starting air comp. , Board N.: G801101 NO. 1 MAIN AIR COMPRESSOR - Inspection       | 24Sep2027 |

Ship's Name **SOLO 7**

## MACHINERY CONTINUOUS SURVEY

An item becomes overdue when it has not been surveyed or postponed by its due date. The ship's class will be subject to a suspension procedure if the item(s) due or overdue at the time of the annual survey is (are) not dealt with or postponed.

| Item                                                                                         | Due date  |
|----------------------------------------------------------------------------------------------|-----------|
| 731.01b Starting air comp. , Board N.: G801102 NO. 2 MAIN AIR COMPRESSOR - Inspection        | 24Sep2027 |
| 733.01a Service air comp. , Board N.: G8013A1 NO. 1 DECK AIR COMPRESSOR - Inspection         | 24Sep2027 |
| 73 - Hydrostatic test of pipes for compressed air                                            | 24Sep2027 |
| 733.10a Service air vessel , Board N.: I101601 NO. 1 DECK SERVICE AIR RESERVOIR - Inspection | 24Sep2027 |

## MACHINERY - STEAM, CONDENSATE AND FEED WATER SYSTEMS

|                                                                                                  |           |
|--------------------------------------------------------------------------------------------------|-----------|
| 75 - Hydrostatic test of steel pipes for steam not exceeding 450 C°                              | 24Sep2027 |
| 756.05a Aux. boiler main feed pump , Board N.: G601101 NO. 1 BOILER FEED WATER PUMP - Inspection | 24Sep2027 |

## MACHINERY - INSTALLATIONS FOR PROPULSION

|                                                      |           |
|------------------------------------------------------|-----------|
| 601a Main diesel engine                              |           |
| 601a.02d Cyl. cover w/valves, piston and liner -     | 29Sep2028 |
| 601a.02e Cyl. cover w/valves, piston and liner -     | 29Sep2028 |
| 601a.03d Piston pin and bush -                       | 29Sep2028 |
| 601a.03e Piston pin and bush -                       | 29Sep2028 |
| 601a.26d Fuel injection devices -                    | 29Sep2028 |
| 601a.26e Fuel injection devices -                    | 29Sep2028 |
| 601a.05d Piston rod, c.head bearing slide and guide  | 29Sep2028 |
| 601a.05e Piston rod, c.head bearing slide and guide  | 29Sep2028 |
| 601a.06d Connect. rod, bottom bear'g, crank pin, web | 29Sep2028 |
| 601a.06e Connect. rod, bottom bear'g, crank pin, web | 29Sep2028 |

## MACHINERY - LOADING/DISCARGING SYSTEMS FOR LIQUID CARGO

|                                                                                        |           |
|----------------------------------------------------------------------------------------|-----------|
| 351.02a Cargo pump , Board N.: J101101 NO. 1 CARGO PUMP (1P) - Inspection              | 29Sep2028 |
| 351.02b Cargo pump , Board N.: J101102 NO. 2 CARGO PUMP (1S) - Inspection              | 29Sep2028 |
| 351.02c Cargo pump , Board N.: J101103 NO. 3 CARGO PUMP (2P) - Inspection              | 29Sep2028 |
| 351.02d Cargo pump , Board N.: J101104 NO. 4 CARGO PUMP (2S) - Inspection              | 29Sep2028 |
| 351.02e Cargo pump , Board N.: J101105 NO. 5 CARGO PUMP (3P) - Inspection              | 29Sep2028 |
| 351.02f Cargo pump , Board N.: J101106 NO. 6 CARGO PUMP (3S) - Inspection              | 29Sep2028 |
| 351.02g Cargo pump , Board N.: J101107 NO. 7 CARGO PUMP (4P) - Inspection              | 29Sep2028 |
| 351.02h Cargo pump , Board N.: J101108 NO. 8 CARGO PUMP (4S) - Inspection              | 29Sep2028 |
| 351.02i Cargo pump , Board N.: J101109 NO. 9 CARGO PUMP (5P) - Inspection              | 29Sep2028 |
| 351.02j Cargo pump , Board N.: J101110 NO. 10 CARGO PUMP (5S) - Inspection             | 29Sep2028 |
| 351.02k Cargo pump , Board N.: J101201 NO. 1 CARGO PUMP FOR SLOP TANK (P) - Inspection | 29Sep2028 |
| 351.02l Cargo pump , Board N.: J101202 NO. 2 CARGO PUMP FOR SLOP TANK (S) - Inspection | 29Sep2028 |

## MACHINERY - INSTALLATIONS FOR PROPULSION

|                                                  |           |
|--------------------------------------------------|-----------|
| 601a Main diesel engine                          |           |
| 601a.02c Cyl. cover w/valves, piston and liner - | 16Sep2030 |

Ship's Name **SOLO 7**
